

Dear Judge Karen E. Schreier,

4:17CR40046-1

I would like to take this opportunity to respectfully request compassionate release (under 18 USC 3582(c)(1)(A) and 4205(G) due to the pervasive presence of active Covid-19 cases throughout the Federal prison system. Over the past few weeks, approximately 1,300 active cases, 118 inmate deaths, and BOP staffers stand at 500 active cases. As attorney general W. Barr mentioned on 3/26/20, life in prison is a lot like living in a petri dish.

During the course of my incarceration I have taken proactive steps to build a foundation of pro-social behavior devoid of the criminal thinking which brought me to prison. Of note, I obtained my GED, completed an intensive drug education program, and successfully completed over 30 BOP sponsored courses.

Approximately two weeks ago another staff member tested positive for Covid-19 along with two inmates in my unit! Due to the absence of testing many other prisoners may be infected. As someone who suffered with childhood asthma and has a BMI of over 30, I am particularly vulnerable.

to the coronavirus. In addition, the living conditions in prison make social distancing an impossibility.

With the above in mind, I humbly seek your support in my request for compassionate release. I have dedicated every year of my incarceration to bettering myself educationally, spiritually, and socially. I can assure you that I am no longer the man who walked through these doors 4 years ago.

Attached is ~~proof~~ of my exhaustion of my administrative remedies.

Thank you for your time and any consideration you may give me.

Sincerely,

Date: 8-25-20

Landon Quenzer
